

NEPAL/INDIA REPORT #5

May 5, 2008

Yesterday we finished the school, and handed out certificates. Today we had a workshop for pastor and leaders from different parts of Nepal. We talked about laying down your life for the Gospel to those who may well be called on to do so.

Last year one of the students was attacked and beaten as he returned to his village and shared Jesus.

Attached are some photos from the last two days. We leave Wednesday for East Nepal and will probably be out of computer range for about ten days.

Please continue to keep us in prayer. Ann's cold is much better. Henry has had stomach issues, but is doing better. Thanks again for standing with us.

Servants of Jesus,

Henry & Ann

The men who completed the training school

The Women who completed the training school
